USE OF PATTERNS AND OOP

```
public class ResearchJournalObserver {  
  
    private static List<ResearchProject> researchProjects;  
    private static List<User> subscribers;  
  
    public static void addSubscriber(User u) {  
        subscribers.add(u);  
    }  
  
    public static void removeSubscriber(User u) {  
        if(subscribers.contains(u)){  
            subscribers.remove(u);  
        } else {  
            System.out.println("User is not a subscriber.");  
        }  
    }  
  
    public static void notify( String message) {  
        for(User subscriber : subscribers) {  
            subscriber.update(message);  
        }  
    }  
  
    public static List<User> getSubscribers() {  
        return subscribers;  
    }  
  
    public void addResearch(ResearchProject rp) {  
        researchProjects.add(rp);  
        notify("New research project added: " + rp.getTopic());  
    }  
}

The image features a light gray background with the text "THANK YOU" centered in a bold, black, sans-serif font. The corners are decorated with blue geometric elements: top-left and bottom-right corners have overlapping circles with white wavy lines and a white line graph; the left and right sides have vertical columns of small white circles.

THANK YOU
